Here's how to add the Boynton Leisureville website on the iPhone/iPad Homescreen:

Open Safari

Type in https://www.boyntonLeisureville.com

After the website loads, tap on the share icon at the bottom

In the share sheet, tap on Add to Home Screen

Give the website a name in the first text field (it's up there by default but if you want to change it, do it here)

Tap on Add from top-right.
